

## DSG-CANUSA EXPANDS GLOBAL MANUFACTURING BASE WITH NEW FACILITY IN CHINA

In order to service customers better in the most dynamic market in the world, DSG-Canusa has established its first heat shrink tubing manufacturing facility in Asia.

The new, wholly owned foreign enterprise; **Suzhou DSG-Canusa Polymer Technologies Co., Ltd.** has been located in the Suzhou Industrial Park (SIP), China.

The SIP, which is home to more than 3,500 companies, boasts an abundant skilled workforce and is centrally located to many of DSG-Canusa's existing customers in the region.

High tech, proprietary equipment manufactured at DSG-Canusa's German division has been installed in the new facility. These state-of-the-art capabilities will differentiate DSG-Canusa as a premium quality heat shrink supplier to local and international markets.

The business will include Research and Development capabilities that will work closely with local suppliers to assure world class quality and technically superior products.

DSG-Canusa is the complete source for heat shrink tubing products and heat shrinkable related technology. The company has provided electrical and mechanical insulation solutions for more than 35 years worldwide.
